

THREE WAYS

CLOUD-BASED TECHNOLOGY

can help serve both digital and traditional members

Cloud-based income and employment verifications from The Work Number® can help you create a stress-free experience during the borrowing process for all members.

1 Digitize Lending Process

Bridge the generational gap
Serve both the traditional and the digital member, while staying on par with industry trends. Be future-ready without compromising a personal member experience.

2 Increase Financial Inclusion

Let technology do the work
Real-time access to income and employment data can help give you a more comprehensive view of risk, make more informed decisions, and approve more loans.

3 Boost Operational Efficiency

Get secure, instant results
You may lessen the possibility of manual error and be able to improve your customer service by relying on cloud-based income and employment verifications.
