Documenting an Automatic 540 Day EAD Extension in Guardian

Background

Certain noncitizen employees who timely file an Employment Authorization Document (EAD) renewal under eligible categories may receive an automatic extension of their work authorization while their applications remain pending. Automatic extensions for these categories originally provided 180 days of continued work authorization and were later increased to 540 days.

Update (October 30, 2025 Interim Final Rule)

As of October 30, 2025, the United States Citizenship and Immigration Services (USCIS) has [ended the practice of automatically extending EADs for most renewal applicants](#). Employees who file to renew their EAD on or after October 30, 2025 will no longer receive an automatic extension. Renewal applications filed before October 30, 2025 remain eligible for a 540 day extension.

Form I-9 Guidance

To determine eligibility for an automatic extension, please read the USCIS instructions available in the [Employer Handbook \(M-274\), Chapter 5.1](#).

How to complete the Form I-9 in Guardian for Automatically Extended EADs

New employees presenting an expired EAD that has been automatically extended must complete Section 1 as follows:

1. Select **A Noncitizen Authorized to Work until** _____.
2. Enter the date that is 540 days from the Card Expires date on the EAD. Employees whose status does not expire, such as refugees or asylees, should enter "N/A" as the expiration date. Employees with EAD category codes of A17, A18, or C26 should enter the earlier of the 540 day period or their I-94 expiration date.

Example: EAD expires 12/31/2024 → 540 days = 6/24/2026 (if USCIS has not yet acted).
