<i>Non-Network Reimbursement</i>	For services provided by a non-network dentist, Cigna Dental will reimburse according to the Maximum Reimbursable Charge. The MRC is calculated at the 80th percentile of all provider submitted amounts in the geographic area. The dentist may balance bill up to their usual fees.
<i>Cross Accumulation</i>	All deductibles, plan maximums, and service specific maximums cross accumulate between in and out of network. Benefit frequency limitations are based on the date of service and cross accumulate between in and out of network.
<i>Calendar Year Benefits Maximum</i>	The plan will only pay for covered charges up to the yearly Benefits Maximum, when applicable. Benefit-specific Maximums may also apply.
<i>Calendar Year Deductible</i>	This is the amount you must pay before the plan begins to pay for covered charges, when applicable. Benefit-specific deductibles may also apply.
<i>Pretreatment Review</i>	Pretreatment review is available on a voluntary basis when dental work in excess of \$300 is proposed.
<i>Alternate Benefit Provision</i>	When more than one covered Dental Service could provide suitable treatment based on common dental standards, Cigna will determine the covered Dental Service on which payment will be based and the expenses that will be included as Covered Expenses.
