

Every day, we stand beside our colleagues who are struggling due to troubling events, and we stand against racism, inequality and intolerance in all its forms. At Equifax, our Purpose is rooted in Helping People. This starts within our own walls. Our employees – and our customers – come from all walks of life, each with unique experiences. Diversity is what makes us stronger, and we are on a journey to build that strength every day. We value everyone, equally.

We are determined to create a workplace where everyone feels welcomed, valued and respected ... a safe space where we can all Live Our Best. We remain committed to make even more meaningful strides to advance our work in Inclusion and Diversity. We have gained great momentum and will continue to accelerate our progress and renew our commitment.

When troubling events occur, it's a time to lift each other up and help our colleagues and communities heal. If you need support or just want to talk, please reach out to your manager, your HR partner or any of us directly. Lifeworks, our Employee Assistance Program, is available to all US employees at 1-888-267-8126.

Thank you for your focus and hard work. Every one of us can make a difference. One team, OneEFX.
