

FraudIQ Manager

FraudIQ Manager is a comprehensive fraud prevention platform combining advanced analytics and National SIRA consortium-based fraud protection into one powerful platform.

An intelligent solution for fighting fraud:

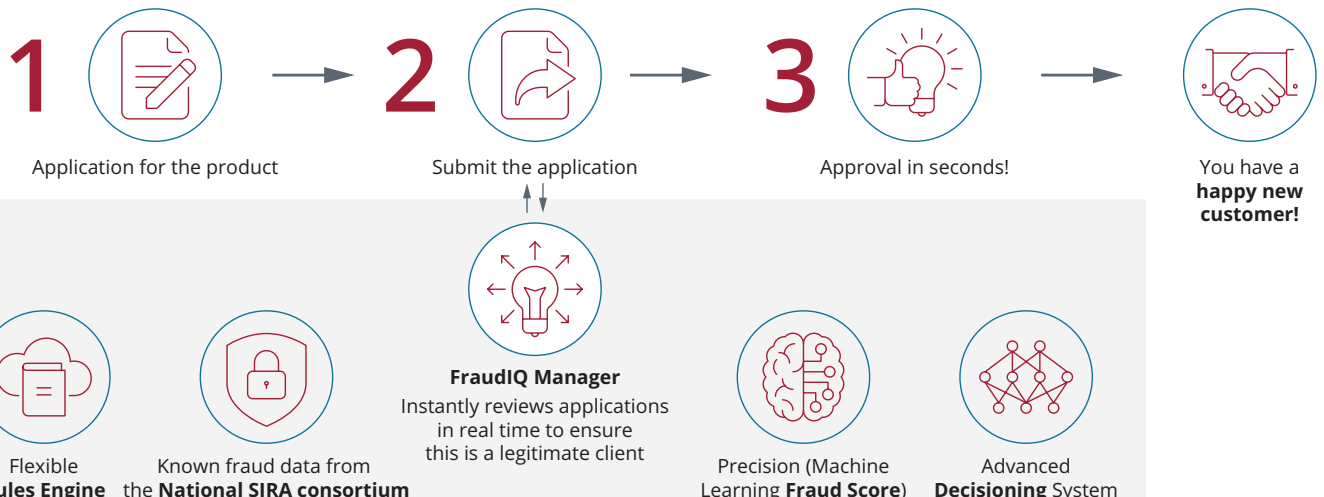

- Improve your client journey, and strengthen your customer strategy
- Help mitigate risk in real time to help reduce future fraud losses
- Robust data access through Equifax's data assets and third-party networks
- Proven solution with 160+ users in the UK, with more regions and segments coming online

Enable and protect your client journey

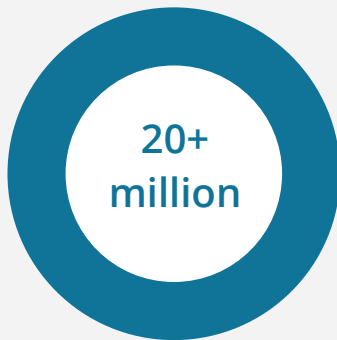

Easy 3-step client journey with seamless integration of the FraudIQ Manager platform.

Key value drivers

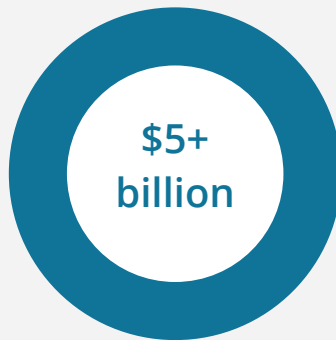

- Robust data access
- Improved operational effectiveness
- Flexible analytics
- Advanced machine learning models

Strength in numbers and experience

client application journeys
enabled for our users,
each year

in fraud loss prevented
through our fraud
platform in the **past 3
years**¹

of successful operation
and enabling safe client
journeys in the market

¹ Based on client-reported fraud loss avoidance from suspect applications identified in the system, 2018-2021.

As fraud continues to evolve, FraudIQ Manager accelerates learning to help you make proactive, smarter decisions.
