The Work Number

Employment Letter and Employment and Income Letter

We understand there are some instances outside of employment and income verification requests from credentialed verifiers where your employees may need to provide employment and/or income proof to a third-party. The Work Number® from Equifax can help. Our Employment Letter functionality enables your employees to self-generate an Employment Letter or an Employment and Income Letter on The Work Number. This feature can help save your HR team valuable time while also providing a valuable service to your employees.
